

Gain confidence in your UV-Vis results

Be 100% confident
...for 25% less.

For sophisticated analysis in the modern research laboratory or in the regulated QA/QC lab, you can rely on the Thermo Scientific™ Evolution™ series UV-Vis spectrophotometers for accurate results – analysis after analysis. We offer a choice of three Evolution models that feature:

- Double beam optical design to correct for changing absorbance of the sample matrix
- Fixed and variable spectral bandwidth models
- Powerful Thermo Scientific™ INSIGHT™ software offers multiple options for both simple and advanced analyses
- Accessories provide flexibility to measure any sample type; software instantly identifies and configures installed accessories
- Software ensures data integrity and 21 CFR Part 11 compliant SOPs

Thermo Scientific Evolution UV-Vis spectrophotometer

Our specialists can help you choose a configuration that suits your needs.

Part Number *	Evolution UV-Vis Model	List Price	Promo Price
UNI840-201800-PR1	Evolution 201 Computer Control UV-Vis	\$12,500	\$9375
UNI840-210600-PR1	Evolution 220 Computer Control UV-Vis	\$15,290	\$11,466
UNI840-211000-PR1	Evolution 260 Bio Computer Control UV-Vis	\$16,000	\$12,000

* Computer not included
